ADCI

LOCATION
Lake Delton, WI

PROJECT SERVICES

- Land Surveying
- Site Development
- Stormwater Management
- Landscape Architecture

The Hampton Inn Suites is a four-story, 61,000 SF hotel with 100 rooms and an indoor pool.

Located off I-90 and I-94, the Hampton Inn & Suites is less than one mile from Kalahari Waterpark, Wilderness Resort, and Outlets at the Dells discount shopping. Mt. Olympus Water Park is a 10-minute drive away, and plenty of restaurants are within walking distance.

Vierbicher was pleased to provide land surveying and site development services to ADCI for this project.

Vierbicher prepared a topographic survey, site plan, grading and erosion control plans, a stormwater management plan for underground detention and a landscape plan. Permits for the Hampton Inn & Suites project were also obtained by Vierbicher.
